

Reasonable Adjustment and Special Consideration Policy and Procedure

POLICY STATEMENT: This policy is use by SALT TRAINING LIMITED to ensure we deal with all reasonable adjustment and special consideration requests in a consistent manner and in accordance with the relevant awarding organisation requirements

A Reasonable Adjustment is an action taken to ensure equal access to an assessment. Under the Equality Act 2010, education and training providers (including Awarding Organisations) have a duty to make Reasonable Adjustments for learners who have a disability or difficulty so that they are not at a substantial disadvantage in accessing an assessment. Examples of a Reasonable Adjustment are, but are not limited to:

- a) Amending usual assessment arrangements, for example allowing a learner extra time to complete the assessment.
- b) Adapting the format of assessment materials, such as providing materials in Braille.
- c) Providing assistance during assessment, such as a sign language interpreter or a reader.
- d) Re-organising the assessment room, such as providing a learner with a separate room for an assessment away from other learners.
- e) Changing the assessment method, for example from a written to a speaking assessment.

A Special Consideration is an access arrangement taken when a learner's assessment performance is affected by unforeseen circumstances which are out of their control. This includes learners who are suffering from a temporary illness or condition, or who were or would be otherwise disadvantaged at the time of their assessment. A Special Consideration can be requested, approved and applied both before and after an assessment has taken place.
